Mabuhay!

It is of great excitement that we are inviting you to the 5th GK1MB Bayani Challenge which will be held at Rio Tuba, Palawan on March 29-April 4, 2010. With the theme EXPLORE.BUILD.PROTECT; it is a five days test of endurance, courage, and love for God and country.

This year we will be building 100 homes for 100 palau'an families, an indigenous community in the southern part of Palawan. Participants get a chance to explore the beauty of Palawan, build communities and relationships and join in the advocacy in protecting our mother earth. Schedule of activities for Bayani Challenge Palawan are as follows:

It is in our tradition that we celebrate holy week in different ways either by attending different religious activities or having a vacation. For this year, GK is offering a different way of celebrating the Holy week...communion with the lord, solidarity with the poor, oneness with other heroes and relaxing in the beauty of nature and reconnect with our roots by being with the palau'ans.
